

Legendary Sailing regatta aboard Aglaia

on the North Sea in stages from June to August 2010

Come on Board! Take an active part on the AGLAIA together with more than 115 different Tall Ships from about 20 nations and about 6000 young people at the TALL SHIPS RACE 2010! More than 50% of the participants are from 16 to 26 years old. The TSR is a combination of regattas with traditional sailing vessels, cruise in company and parties in the harbours of the race.

Beside of the exciting racing days the feeling of sailing is standing in the focus (Sailing experience is not necessary!). »Aglaia« is a modern version of a norwegian distress live boat from 1892. She has extraordinary sailing characteristic and is easy to handle.
